## WORKSHOP ON YOGA

Yoga training was given at DKV College on 21st June 2016 at 9:00 am in the college grounds. In which the students were trained on how to do yogasana as well as its importance and why it should be done. Yoga helps you to detox and remove toxins from your body. So it actually helps you to delay your ageing problem. Yoga also reduces stress which is also one of the major reasons for ageing. Yoga helps you keep away from tensions. So your body is in a relaxed position, and it automatically maintains a good pulse rate. When you have a good pulse rate, then your heart is strong enough to pump more blood throughout your body. Many people who practice yoga on a daily basis, they can control their bodies as well as the nervous system in an extraordinary way as it maintains a generic brain wave. 790 students benefited from this Training

## WORKSHOP ON GENERAL KNOWLEDGE

A General Knowledge Workshop was organized at DKV College on 18-01-2018 in Room No. 25 . In which the experts of the college gave information about General Knowledge and organized the examination of General Knowledge. Today, general knowledge plays an essential role in

defining one's growth and success. No matter what we choose to do in life, the key is to learn and gain more knowledge in different fields. One needs to go beyond academics to excel in other areas. A student's achievement depends on how much he or she is getting from the surroundings. General knowledge opens different avenues for one's seeking. It develops students' social, sensitive, reasoning, and analytical thinking skills. It forms an

## WORKSHOP ON PREPARE EFFECTIVE LOGO & SLOGAN

A workshop on Logo and Slogan was organized in Room No. 25 at DKV College on 16-09-2017. In which about 310 students were present. The workshop provided information on how to make logos and slogans effective. A logo is a combination of text and imagery that tells people the name of your small business and creates a visual symbol that represents your vision. It's a big part of your brand identity (what people will see). A good logo is memorable, differentiates you from everyone else, and fosters brand loyalty.

## WORKSHOP ON YOGA AND SPORTS •

Yoga training was given at DKV College campus on 21<sup>st</sup> June 2017 at 8:30 am in the college grounds. In which the students were trained on how to do yogasana as well as its importance and why it should be done. The scientific discovery of the functions of the different sides of the brain has furthered the cause of yoga and expansion of consciousness by explaining the need for the implementation of these disciplines in our lives. Since education is one of our first priorities when we think of ways of improving our society, how do we decide what is the best thing and the best way to teach it. Up till now most of the education system concentrated on imparting professional skills and developing the intellectual side of our nature. However, there remains a big deficiency in education which is directed at making us better human beings. This has been left for parents, religious institutions to take care of, but given the state of society today, there is still room for improvement.

**It Enhances Physical Flexibility:** Yoga promotes physical strength because children learn to use all of their muscles in new ways. Whether a pose is done standing, sitting, or lying down, each one can challenge various muscle groups, while helping a child become aware of his body and how it efficiently functions. About 660 students were present in this workshop.

## WORKSHOP ON BASIC COMPUTER SKILL

Workshop on BASIC COMPUTER SKILL was organized at LANGUAGE LAB, DKV College on 16nd July 2019 TO 21st July 2019

at 9:00 am. In which the students have benefited on basic computer skill.

Your ability to use a variety of computer programs is an important skill to put on your CV and in a future career. Not only does computer literacy help in applying for jobs, but it may also increase your salary as you are able to take on more responsibilities.

As you take on these additional responsibilities, it can lead to a promotion within your company, leading you to more exciting, challenging and rewarding work. Certain computer programmers also help you organize your thoughts, helping you to perform tasks more efficiently. About 565 students were present in this workshop.

## TRAINING ON YOGA AND SPORTS EVENTS

Yoga training was given at DKV College on 12-07-2019 at 10:30am in College Campus, Room No. 25. In which the students were trained on how to do Yogasana as well as its importance and why it should be done.

The search for new and improved methods of education continues, as it has done through ages. With the discovery and application of yoga, it seems as though a breakthrough is about to take place. The scientific discovery of the functions of the different sides of the brain has furthered the cause of yoga and expansion of consciousness by explaining the need for the implementation of these disciplines in our lives. Since education is one of our first priorities when we think of ways of improving our society, how do we decide what is the best thing and the best way to teach it. Up till now most of the education system concentrated on imparting professional skills and developing the intellectual side of our nature. However, there remains a big deficiency in education which is directed at making us better human beings. This has been left for parents, religious institutions to take care of, but given the state of society today, there is still room for improvement.

**It Enhances Physical Flexibility:** Yoga promotes physical strength because children learn to use all of their muscles in new ways. Whether a pose is done standing, sitting, or lying down, each one can challenge various muscle groups, while helping a child become aware of his body and how it efficiently functions. About 655 students were present in this training.

## WORKSHOP ON COMMUNICATION SKILLS

On 3<sup>Rd</sup> March 2021, 11 professors of college visited Lilavati nature care & yoga research centre – Lakhabaval. They have get information about naturotherapy and yoga.

A second aspect of oral language communication is pragmatic and social language, used in daily interactions with others. This includes what is said, how it's said and non-verbal communication, such as eye contact, facial expressions and body language. We navigate our world and our social relationships through language. Understanding how to communicate effectively with peers sets the stage for positive self-esteem. Students feel empowered when they can “talk the talk” in their social lives.

Effective use of oral communication also allows students to advocate for themselves. They must be able to articulate when and how their academic needs are not being met. 310 students participated in this workshop via Microsoft team.
