11	<u>An Activity on the Alternatives of Plastic Celebrated to Sensitize the Students</u>
12	<u>Activity to promote the alternative of plastic</u>
13	<u>Landscape with plants and trees</u>

Green campus initiative started from the inception of the Institution in 1956. The entire 14 Acres campus is planned keeping in mind the holistic perspective of land use, social well-being and preservation of the environment. Development of infrastructure ensured that no damage is caused to the natural surroundings.

Green Campus is place where environmental-friendly practices and education combine to promote sustainable and eco-friendly practices in the campus. Green Campus concept offers the institution the opportunity to take the lead in the redefining its environmental culture and developing new paradigms by creating sustainable solutions to environmental, social and economic needs of the mankind.

The institution has developed certain policies and culture to maintain the campus as a green campus. To sensitize the students towards the green campus.
